Few of us who welcome the new cen-
tury will be able to outlive it.

It is no small thing to see the pass-
ing of a century and the dawn of its
successor. It surely ought to lead to
earnest thinking and high endeavor.

It is the opinion in Europe that the
United States has started out upon a
"policy of world conquest." That is al-
so the opinion of a great many persons
in this country.

Experiments on turtles have convin-
ced Professor Jacob and Professor G.
Langley, physiologists at the Univer-
sity of Chicago, that common salt in
the blood makes the heart beat.

The Pensacola Colored Baymen's As-
sociation contributed \$25 as a donation
to the committee that is getting up
the carnival there. This act, like all
others of its kind, shows the friendship
that exists between the races in
many parts of Florida.

All that glitters is not gold. If we
could look down into the hearts of
many people we could see convincing
evidence of the truthfulness of what
Longfellow said: "If we could read the
secret history of our enemies, we should
find in each man's life sorrow and suf-
fering to disarm all hostility."

The place of the daughter in the
home is as large or as small a place as
she is able to make it. It is really a
creative place, one in which she can be
the brightest, happiest, most helpful
influence in the home, or simply a par-
taker of the comforts and protection
of the home, with no thought of any
return on her part.—January Ladies'
Home Journal.

Florida should be preparing today
for the duties of tomorrow—the fac-
tors to utilize the products of our neigh-
bors as well as our own should be
building and accumulating the strength,
financial and commercial, to play a
part worthy and well. But the nation
should see to it that her
harbors are ready for the commerce
seen to throng along our shores seek-
ing the nearest trunk line to our cen-
tral markets.

Six suits were filed in the United
States Circuit Court Monday by the
Hockey heirs to recover possession of
the old Fort Brook military reserva-
tion, now valued at more than \$300,000.
The plaintiffs, about twenty in number
are the children and grandchildren of
Robert T. Hockey, the original settler
of the land in 1825. The United States
troops dispossessed him in order to use
his house and clearings for a camping
ground.

Alfred B. Harnsworth, proprietor of
the London Mail, is expected to arrive
in Jacksonville during the month, and
will be in Jacksonville for several days.
From here he will probably go to St.
Augustine. The attention of the United
States and the world, for that mat-
ter, is on Mr. Harnsworth at present,
because of his novel experiment of
conducting the New York World for
twenty-four hours. Mr. Harnsworth
had entire charge, editorial and other-
wise, of the publication of one day's
issue of the World. He arrived in New
York last Thursday. He has been a
severe critic of American journalism,
and has not failed to express himself
in decided terms in magazine articles.

Among the tens of thousands who
have used Chamberlain's Cough Rem-
edy for colds and la grippe during the
past few years, to our knowledge, not
a single case has resulted in pneumon-
ia. Thos. Whitfield & Co, 240 Wabash
ave., Chicago, one of the most prom-
inent retail druggists in that city in
speaking of this, says: "We recom-
mend Chamberlain's Cough Remedy
for la grippe in many cases, as it not
only gives prompt and complete recov-
ery, but also counteracts any tendency
of la grippe to result in pneumonia."

\$1000 Worth Of Good
A. H. Thurness of Wills Creek, Coal
Co., Buffalo, O., writes: "I have been
afflicted with Kidney and Bladder
trouble for years, passing gravel and
stones, with excruciating pain. Other
medicines only gave relief. After taking
Foley's Kidney Cure the result was
surprising. A few doses started the
brick dust, like fine stones, etc., and
now I have no pain across my kidneys
and feel like a new man. Foley's Kidney
Cure has done me \$1000 worth of good.
